EDUCATION

UNIVERSITY OF SAN DIEGO   San Diego, CA
Bachelor, Computer Science   Expected May 2025

GROSSMONT COLLEGE   El Cajon, CA
Associate, Computer Science   June 2023

EXPERIENCE

WEBSITE DEVELOPMENT | Self-Employed Consultant   May 2023 – Present
- Led the full development lifecycle of custom websites for local businesses, demonstrating expertise in client engagement, UI/UX design, and efficient project management.
- Improved SEO and website accessibility for clients by utilizing Lighthouse reports and analytics.
- Negotiated and closed web project deals with clients, generating thousands in revenue.

BJ'S RESTAURANT & BREWHOUSE | Server   August 2022 – Present

- Streamlined communication between kitchen and serving staff, consistently ensuring prompt and accurate service to enhance overall customer satisfaction.
- Adapted to the dynamic restaurant environment, providing support where needed and contributing to a cohesive and efficient team.

PROJECTS / OPEN-SOURCE

NBATRENDS | Link   Python, Jupyter Notebook

- Leveraged advanced analytical skills to dissect NBA data, conducting thorough comparisons of forecasted win probabilities, point differentials, game point totals, and other key metrics.

SOCKETS | Link   Java

- Constructed a program enabling real-time communication between two servers, demonstrating proficiency in system architecture and networking.

SIMPLE CALCULATOR | Link   Java

- Developed an Android app using Android Studio that performs basic operations (add, subtract, multiply, divide) on two numbers.

JARVIS | Link   Python

- Engineered a ChatGPT-based project to emulate Jarvis from Iron Man, showcasing proficiency in AI integration to create an interactive and intelligent virtual assistant.
